7 DAYS BEFORE THE PROCEDURE

- **STOP** taking aspirin or aspirin containing products. Tylenol is okay if needed.
- **STOP** taking iron containing products, such as multivitamin with iron.
- **STOP** eating foods with seeds, nuts, popcorn, etc.
- **STOP** eating all green leafy vegetables (spinach, kale, cabbage, lettuce, etc.)
- **STOP** all GLP-1 agonist medication such as Ozempic, Rybelsus, Trulicity, Mounjaro, etc. If you take this medication for diabetes, please contact your managing provider for guidance on preventing hyperglycemia.

5 DAYS BEFORE THE PROCEDURE

- **STOP** taking any non-steroidal, anti-inflammatory medications, such as Ibuprofen, Motrin, Advil, Naproxen, Celebrex, etc. Tylenol is okay if needed.
- **STOP** taking herbal supplements, such as ginger/garlic pills, ginseng, etc.
- Please check with the prescribing physician if on any blood thinners.
- If you are unsure about the medications you are taking, please call your prescribing Doctor's office for clarification.

1 DAY BEFORE THE PROCEDURE

- **STOP ALL SOLID FOOD.** You may only have clear liquids starting when you get out of bed in the morning. Please see clear liquid guidelines.
- At 5:00pm follow mixing and dosing instructions for Suprep on the next page. Then continue on the clear liquid diet until midnight.
-

ON THE DAY OF YOUR PROCEDURE

- Only blood pressure and heart medications may be taken the morning of the procedure with the smallest amount of water possible.
- 6 hours prior to your procedure drink the 2nd dose of Suprep following the mixing and dosing instructions on the next page. Then **NOTHING BY MOUTH at least 4 hours prior to your procedure.**

How to Take SUPREP®BOWEL PREP KIT

On the evening before your procedure (or when your doctor tells you to begin), complete steps 1 through 4 using one (1) 6-ounce bottle before going to bed

Step 1: Pour **ONE** (1) 6-ounce bottle of SUPREP liquid into the mixing container.

Step 2: Add cool drinking water to the 16-ounce line on the container and mix.

Note: Be sure to dilute SUPREP as shown before you drink it.

On the morning of your procedure, repeat steps 1 through 4 using the other 6-ounce bottle

Step 3: Drink **ALL** the liquid in the container.

Step 4: You **must** drink two (2) more 16-ounce containers of water over the next 1 hour. **Note:** You **must** finish drinking the final glass of water at least **4 hours** prior to your procedure.
